

Pro Medical East

A photograph showing a person from the waist down, wearing a white t-shirt and dark shorts. They are wearing a black, multi-buckle knee brace and using two blue-handled crutches. A healthcare professional in blue scrubs is standing to the right, with their hands near the person's legs. The background is a blurred clinical setting with blue exercise balls.

2020

Pro Medical East offers an easy comprehensive DME program customized for your practice. With the selection of high-quality products, we can help you raise the bar of patient care.

Pro Medical East Solution:

- Stock your location(s) with high-quality products targeted to the injuries you will see.
- Educate your staff on the proper usage of braces.
- Simple, easy process with no upfront costs.
- Process all insurance and patient billing for DME dispensed.

Process

1- Fill out a stock-and bill script. This includes:

- Patient Information and signature
- Prescriber information and signature
- Label from the brace on script
- Diagnosis codes checked off

2- Fax the completed script and patient face sheet to
(732) 657-9400

3- Dispense the brace!

Its important to follow the process so we can track the inventory and help maintain proper stock levels.
